The portfolio examination consists of the exam (max. 50 points) and the term paper (max. 50 points), adding up to a maximum of 100 points. The grading follows the joint conversion key of the School of Economics and Management (decision of the school's council dated May 28, 2014 - FKR VII-4/8-28.05.2014).

If you wish any detailed information regarding your points for the term paper and/or a short feedback from Prof. Bindseil on your term paper, please send an email to steffen.ahrens@tu-berlin.de.

For those of you who need an official certificate (“Schein”), please send an email to steffen.ahrens@tu-berlin.de indicating the type of certificate. If the certificate has to be of particular form, e.g. from the international office, please provide a filled in certificate either via email or drop it in the secretary’s office of Professor Heinemann at H5106.

The grades marked red are based on the exam performance only, as Prof. Bindseil has not gotten a term paper, yet. If you have submitted your term paper to Prof. Bindseil, please contact him directly to clarify the issue.
